Re: Change of Operator
New Mexico "W" State NCT-1 #1
Unit 0, Sec. 13, T17S, R34E

Gentlemen:

We have been advised by Texaco Inc. that you have purchased the above-referenced well. In order to complete this transaction it will be necessary for you to file a C-104 for a change of operator from Texaco Inc. to Sugarland Oil Co.

However, before this change can be approved it will be necessary for you to be registered to do business in New Mexico and also you must have a plugging bond on file with our Santa Fe office to cover this well.

In order to register to do business in New Mexico you will need to contact the State Corporation Commission in Santa Fe and that number is (505) 827-4511.

I am enclosing a surety plugging bond and a cash plugging bond application. You may use either. If you have questions concerning your plugging bond please contact Diane Richardson in our Santa Fe office at (505) 827-5806.

Your prompt attention to getting this change of operator approved will be appreciated.

Very truly yours,

OIL CONSERVATION DIVISION
