

NEW MEXICO OIL CONSERVATION COMMISSION

SANTA FE, NEW MEXICO

MISCELLANEOUS NOTICES

Submit this notice in triplicate to the Oil Conservation Commission or its proper agent before the work specified is to begin. A copy will be returned to the sender on which will be given the approval, with any modifications considered advisable, or the rejection by the Commission or agent, of the plan submitted. The plan as approved should be followed, and work should not begin until approval is obtained. See additional instructions in the Rules and Regulations of the Commission.

Date

OIL CONSERVATION COMMISSION,
Santa Fe, New Mexico.

Gentlemen:

Following is a notice of intention to do certain work as described below at the

Magnolia Petroleum Company's State Bridges Well No. 40 in NE/4
 Company or Operator Lease
 of Sec. 14, T. 17-S, R. 34-E, N. M. P. M., Vacuum Field
Lea County.

FULL DETAILS OF PROPOSED PLAN OF WORK

FOLLOW INSTRUCTIONS IN THE RULES AND REGULATIONS OF THE COMMISSION

This well was completed September 16, 1939, total depth 4725'. 7" OD casing was set at 4400' w/242 sax; initial production at time of completion was 78½ bbls. oil 6 hrs. The present capacity is 8 bbls. oil per day.

It is the Magnolia's intention to drill this well to an approximate depth of 4755' to explore the lower section of the Vacuum Field Pay Zone.

Approved JUL 16 1948, 19____
