Gentlemen:

Re: Bond 3038469- L.N.Marbry- \$5000 One Well
Sec. 3, NWSE- Tn 18 S.Range 34 E. Lea County

Daniels Insurance Agency were very gracious and sent to me Miscellaneous Reports on Wells your form C-103. As they probably explained to you, I am trying to straighten up my bond procedure on bond as captioned above.

It is my understanding from Jack Daniels that Marbry assigned this lease to Allied Supply Company. Is the above mentioned form the only thing I need to have Marbry complete? Are there assignment papers that have not been properly signed? How could Allied Supply take over the Well and have disposed of some of the surface equipment and oil if the assignment was not completed?

I have a further question. If I cannot get Marbry to complete this form C-103 what can I do because I still do not have the information to complete it and the last time I traced L.N. Marbry he was in Phoenix, Arizona?

Could we have your advices.

Sincerely yours,

Don L. Bowen
