Place

Date

OIL CONSERVATION COMMISSION,  
Santa Fe, New Mexico.

Gentlemen:

Following is a notice of intention to do certain work as described below at the

The Texas Company's State of New Mexico "AE" Well No. 1 in NW 1/4 NW 1/4  
Company or Operator Lease  
of Sec. 12, T. 18-S, R. 34-E, N. M. P. M., Vacuum Field,  
Lea County.

## FULL DETAILS OF PROPOSED PLAN OF WORK

FOLLOW INSTRUCTIONS IN THE RULES AND REGULATIONS OF THE COMMISSION  
Total Depth, 5194' - 5-1/2" casing set and cemented at 4222'

This well was completed April 28, 1942 to Total depth 5194' with an estimated initial production of 50 barrels oil plus 20% salt water, swabbing. Since that time oil production has declined to the extent that the well is now producing 100% salt water. We therefore desire to plug back to approximately 4740' to shut off the water, and to shoot the section from 4735 to 4690' with approximately 100 quarts, in an effort to recomplete as a commercial producer.

Approved SEP 21 1945, 19  
except as follows:

The Texas Company

By Elto Olan
