The elevation of the lake above sea level is 1000 m.

DETAILS OF WORK

Some nations of the world have a negative trade balance, meaning that they export less than they import. This is true of Germany, Japan, and other industrialized nations. Some nations have a positive trade balance, meaning that they export more than they import. This is true of the United States and many other nations.

1. The first step in the process is to identify the problem or issue that needs to be addressed. This involves gathering information and understanding the context of the problem.
