17. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1103.

The following is the proposed operation for eliminating water production.

1. Kill well with oil if necessary. Install blow out preventer.
2. Pull tubing and packer.
3. Set bridge plug at approximately 8960.
4. Run tubing and packer. Install tree. Swab well in.
5. Place well on production.

I hereby certify that the information above is true and complete to the best of my knowledge and belief.
