Dear Mr. Johnson:

Mr. Eric Engbrecht, Oil & Gas Inspector for the Commission, has made an inspection of the location for your plugged and abandoned Sinclair State No. 1 in Unit K of Section 30, T-18-S, R-35-E and has found that the pits have not been levelled, the dead men wires have not been cut and that there are boards and planks on the location.

Please advise this office when these things have been corrected so that a final inspection may be made.

Yours very truly,

OIL CONSERVATION COMMISSION
