

Mr. Vesely:

Yesterday I mailed you a Notice of Test of water shut off, on our State-1 #1, indicating that we would test with pump pressure. This was an error upon my part, as Mr. Starkey had planned to test by bailing the hole dry after drilling plug. We are submitting, herewith, a new report which is correct. Will you please allow us to make this correction and replace yesterday's report with the one inclosed.

Very respectfully yours,

A. J. Furse

NEW MEXICO STATE LAND OFFICE
SANTA FE, NEW MEXICO

DEPARTMENT OF THE STATE GEOLOGIST
NOTICE OF TEST OF WATER SHUT-OFF

Notice must be given to the State Geologist or to the proper Oil and Gas Inspector at least five days before the test. It is desirable that a representative of the Department of the State Geologist witness the water shut-off before drilling into the productive sand whenever possible. If changes in the proposed plan are considered advisable, a copy of this notice showing such changes will be returned to sender. Submit this notice in duplicate.

Hobbs, December 15, 34
N. Mex., 19

Mr. E. H. Wells,

State Geologist,
Santa Fe, New Mexico.

Dear Sir:

State-2

You are hereby notified that we intend to test the shut-off of water in
