Att: Mr. Wilkinson

Dear Sir:

Refer to your company's State No 1 well which was drilled in the Hobbs field on the Shell acreage in Sec. 24, T. 12 N., R. 37 E.

We have never received several of the drilling reports required by this department. Since this well has been on production for quite a while we would like to complete the file on this well. I am enclosing a Report Requirement List with the missing reports underlined in red. This list shows the proper form to use for each report; the name of the report and the number of copies required.

Please furnish us with these at your earliest convenience; in case you do not have the proper forms, advise me and I will send them to you.

Very truly yours,

J. D. Hunter,  
State Oil & Gas Inspector

Att: Report Requirement List.
