Noble and Company
Box 957
Ardmore, Oklahoma

Att: Mr. Wilkinson

Dear Sir:

Refer to your company's State No 2
well which was drilled in the Hobbs field on
the Shell acreage in Sec. 24, T. 13 S., R. 37 E.

We are short several of the drilling
reports which are required by this department.
Since this well is now completed and on production
we would like to complete this file. I am enclosing
a report requirement list with the missing
reports underlined in red.

In case you are short any of the forms
necessary to make the reports, please advise and
I will mail them to you.

Very truly yours,

J. D. Hunter,
State Oil Gas Inspector.

Encl: List.
