INSTRUCTIONS

This form shall be submitted to the DISTRICT OFFICE with the District Office of the Oil Conservation Commission covering each unit from which oil or gas is produced. Separate certificates shall be filed for each transporter authorized to transport oil or gas from a unit. After said certificate has been approved by the Oil Conservation Commission, one copy shall be forwarded to the transporter, one copy retained by the producer, and two copies retained by the Oil Conservation Commission.

A new certificate shall be filed to cover each change in operating ownership and each change in transporter so that in the case of a temporary change in transporter having no effect on allowable production for one proration period, the operator, transporter, or a new certificate notify the Oil Conservation Commission District Office and the transporter authorized by certificate on file with the Commission, by letter of the estimated amount of oil or gas to be moved by the transporter to transport the oil or gas from the unit and the name of such temporary transporter, and a copy of such notice shall also be furnished such temporary transporter. Such temporary transporter shall not move any more oil or gas than the estimated amount shown in said notice.

This certificate shall be submitted and approved by the Oil Conservation Commission and shall permit for the connection and authorization to transport oil and gas from the property named therein and shall remain in full force and effect as follows:

1. Operating ownership changes.
2. When transporter is changed or
3. The permit is cancelled by the Commission.

If any of the rules and regulations of the Oil Conservation Commission have not been complied with, at the same time this report is filed, explain fully under the heading "REMARKS."

In all cases, the certificate is filed to cover a change in operating ownership, or a change in the transporter designated to move oil or gas, show under "REMARKS" the name of owner or operator and the transporter previously authorized to transport oil or gas.

A separate certificate shall be filed for each producing unit as designated by the Oil Conservation Commission.
