UNITED STATES DEPARTMENT OF AGRICULTURE
BUREAU OF PLANT INDUSTRY
WASHINGTON, D. C.

REPORT ON THE PROGRESS OF THE
BUREAU OF PLANT INDUSTRY
FOR THE YEAR 1904

The Bureau of Plant Industry, under the direction of the Chief of Bureau, has during the year 1904, been engaged in the study of the various problems connected with the propagation and culture of plants, and in the investigation of the diseases and insects which attack them. The work of the Bureau has been carried on in the following manner:

The first part of the year has been devoted to the study of the various problems connected with the propagation and culture of plants. The second part of the year has been devoted to the investigation of the diseases and insects which attack them. The third part of the year has been devoted to the study of the various problems connected with the propagation and culture of plants. The fourth part of the year has been devoted to the investigation of the diseases and insects which attack them.
