Mr. J. D. Hunter, State Oil & Gas Inspector,
Box 522,
Carlsbad, New Mexico.

Dear Sir:

We enclose "Request for Permission to Connect with Pipe Line" (Form SG 109), in triplicate, and "Well Record" (Form SG 108), in duplicate, both covering our C-4 well in the Northwest quarter of the Northeast quarter of Section 25, Township 18 South, Range 37 East, N.M.P.M., Hobbs Field, Lea County, New Mexico, covered by State lease No. B-159.

According to Bulletin No. 2, both of these forms are to be sent to the State Geologist, but we are sending them direct to you in compliance with your request of January 13, 1933 that all reports required by the State be sent to you. We assume that you will promptly forward these reports to the State Geologist for approval by him and the Commissioner of Public Lands as to "Request for Permission to Connect with Pipe Line".

We have referred above to form SG 109, which is the form number for "Request for Permission to Connect with Pipe Line", according to Bulletin No. 2, but we notice that the enclosed forms are numbered S6109, and we assume that this is an error in the printing of this form number.

Very truly yours,

TTF:L
