Attention: Ken Jennings

Dear Sir:

Reference is made to our telephone conversation of today pertaining to your proposed State O No. 1 Well to be located 660 feet from the South line and 1980 feet from the West line of Section 31, Township 18 South, Range 37 East, Eumont Gas Pool, Lea County, New Mexico. It is my understanding that you intend to dedicate the E/2 SE/4 and the W/2 SE/4 of Section 31 to the proposed well. Since this 160 acres is a non-standard proration unit, it will be necessary for you to file the proper papers to have this unit approved.

This is to advise that this Commission has no objection to your proposed unit. Please bear in mind that the other operators within the section have the right to protest the formation of this unit in accordance with the pool rules.

We are enclosing extra copies of this letter for your use.

Very truly yours,

W. B. Macey
Secretary - Director
