Attention: Mr. J. R. Sherman

Gentlemen:

Reference is made to your letter dated August 27, 1956, in which you indicated that you have been unable to obtain a gas connection for your Lea-State "CM" Well No. 1, located in Section 31, Township 18 South, Range 37 East, Eumont Gas Pool, Lea County, New Mexico.

Your letter indicated that the nearest gathering system was two miles from your well. However, our records indicate that the offset wells, Morris Antweil's State "O" Wells Nos. 1 and 2, are connected to Warren Petroleum Corporation's system as shown by their Form C-114 for July, 1956.

Your permission for flaring gas from this well (about 64 Mcf per day) was effective to August 11, 1956. However, you are granted permission to continue flaring gas from this well until October 1, 1956. In the meantime you should obtain a gas connection from Warren Petroleum Corporation or some other purchaser.

Very truly yours,

A. L. Porter, Jr.
Secretary-Director
