Gentlemen:

In compliance with Administrative Order WFO-265, we wish to advise that the casinghead gas produced from Gulf's Lea-State "CM" Well No. 1, located in Section 31, T18S, R37E, Lea County, New Mexico, Emont Gas Pool, has not been connected as of this date.

It is not economically feasible to utilize this gas since the nearest gathering system is approximately two miles distance.

Yours very truly,

J. R. SHERMAN
