Talbott & Mullineaux
Harden Hotel
Hobbs, New Mexico.

Gentlemen:

This will acknowledge receipt of your
"Notice of Intention to Repair Well" covering
the Linan #1 well in Sec. 33, T. 18 S., R. 37 E.

I talked with Dr. Wells regarding the
bond on this well and he said since the old
National Securities had gone into receivership
since the bond had been written and well was being
taken over by outside interests; it would be
necessary for you to furnish us with a new bond
in the amount of \$5,000.00

I am holding your request until this
bond situation has been arranged as our regulations
prohibit commencing work until the bond has been
filed and approved. I am today advising the
Santa Fe office to send you a bond form to be
executed.

Very truly yours,

J. D. Hunter,
State Oil & Gas Inspector.
