Mr. George W. Talbott,
809 Third Avenue,
Los Angeles, California.

Dear Sir:

Your letter of January 8th, 1936 to Mr. C. J. Vesely, State Oil and Gas Inspector, Carlsbad, New Mexico has just come to my attention.

We are glad to have the information which your letter gave us, and trust that you will be successful in making a producer of the National Securities Company Linam No. 1 well. Of course if your treatment with acid proves unsuccessful and you give up hope of making a commercial producer of the well, it should be plugged according to a program that will meet with the approval of Mr. Vesely.

Very sincerely yours,

OIL CONSERVATION COMMISSION

Mr. A. K. Thompson, Manager
Maryland Casualty Company,
713 1 Paso National Bank Bldg.,
El Paso, Texas.

Dear Sir:

This letter is in further reference to drilling bonds for the National Securities Company Linam No. 1 well.

Enclosed is a copy of a letter from Mr. George W. Talbott regarding this well and a copy of my reply.

Inasmuch as it appears that work will be started very shortly at this well, and that it will be plugged if it cannot be made into a commercial producer, we believe it advisable to continue the bonds in their present status for the time being.

Very truly yours,

OIL CONSERVATION COMMISSION
