Dear Mr. Talbott:

Kindly let me know what your intentions are regarding the National Securities Licensure No. 1, in Sec. 23, A. 18 S., A. 37 L.

Enclosed herewith is a form of bond for this well which will meet with the approval of the Oil Conservation Commission. This bond should be in the amount of \$3,000.00. It seems as if the bond filed by you and Mr. Sullivan was never approved.

I have been notified by the Oil Conservation Commission to deny permission for any further work on this well until a proper bond is filed.

Your prompt attention in this connection will be greatly appreciated.

Very truly yours,

FJV:t

Dear Mr. Vesely:

Your letter of me of July 23rd has just reached me here.

I secured a bond through Mr. J. S. Ward of Artesia and was under the impression that it had been approved. Am forwarding your letter to Mr. Ward and am sure the matter will be satisfactorily adjusted.

Expect to return to Hobbs before the 1st of Sept., and at that time expect to ask permission to pull the casing and plug the well. Will get in touch with you at that time.

Very truly yours,

George W. Talbott.
