Att: Mr. J. C. Creeden.

Dear Mr. Creeden:

I am enclosing your approved copy of "Notice of Intention to Drill New Well " for your well in SW/4 of Section 17, T. 18 S., R. 38 E. You will note that I made an exception on the approval. I would rather do it this way for the present until Dr. Wells get out his regulations covering the discussion held at Hobbs at the Pro-ration office January 31st past.

I am also enclosing a sheet showing the requirements of our department in regard to reports. You probably are familiar with all of the requirements. Our policy is to return approved copies of the following:(numbered to correspond with attached sheet) #1;3;5;7;10 and 11. Should you desire others please attach note to the reports and we will be glad to comply with your request.

I would like to be present for the test on the surface pipe; drilling the Bowers horizon; mudding prior to running 7" and test on the seven inch. I would appreciate it if you will call me about 12 to 24 hours before you are ready to make any of the tests. In case you don't know 12 hours in advance let me know as soon as you can, thank you,

Yours very truly,

Encl: Approved SG101
