DEPARTMENT OF THE STATE GEOLOGIST
NOTICE OF INTENTION TO DRILL NEW WELL

12-23-32

Notice must be given to the State Geologist or to the proper Oil and Gas Inspector and approval obtained before drilling begins. If changes in the proposed plan are considered advisable a copy of this notice showing such changes will be returned to the sender. Submit this notice in triplicate. One copy will be returned following approval.

Mr. E.H. Wells, State Geologist, Hobbs N. Mex., 12-6 1932

Dear Sir: You are hereby notified that it is our intention to commence the drilling of a well to be known as D.W. Hardin Well No. (2) in SE 1/4 NE 1/4 of Sec. 18 T. 18S, R. 30E, N. M. P. M., Hobbs Oil Field Lea County

AREA 640 ACRES

LOCATE WELL CORRECTLY

The well is 330 feet (N.) of South line and 990 feet (W.)

of East line of Section 18-18-36

(Give location from section or other legal subdivision lines. Cross out wrong directions.)

If state land the oil and gas lease is No. _____

Assignment No. _____

If patented land the owner is D.W. Hardin

Address Hobbs, New Mexico

The lessee is Gypsy Oil Company Address Box 661 - Tulsa, Oklahoma

The elevation of the derrick floor above sea level is 3670 est. feet. We propose to drill well with No. Rotary Tools

Make of Drill

We propose to use the following strings of casing and to land or cement them as indicated.

Size of Casing	Weight Per Foot	New or Second Hand	Depth	Landed or Cemented
<u>13-3/8"</u>	<u>54.5</u>	<u>New</u>	<u>230'</u>	<u>Cemented</u>
<u>9-5/8"</u>	<u>36</u>	<u>New</u>	<u>2840'</u>	<u>Cemented</u>
<u>6-5/8"</u>	<u>24</u>	<u>SH</u>	<u>4240'</u>	<u>Cemented</u>

If changes in the above plan become advisable we will notify you before cementing or landing casing. We estimate that the first productive oil or gas sand should occur at a depth of about 4100 feet. Additional information:

Sincerely yours,

GYPSY OIL COMPANY

Company or Operator.

NAME

TITLE

The first part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that every entry should be supported by a valid receipt or invoice. This not only helps in tracking expenses but also ensures compliance with tax regulations.

In the second section, the author outlines the various methods used to collect and analyze data. These include surveys, interviews, and focus groups. Each method has its own strengths and weaknesses, and the choice of method depends on the specific research objectives.

The third section provides a detailed overview of the data analysis process. It starts with data cleaning, where any missing or erroneous values are identified and corrected. This is followed by data visualization, which helps in identifying trends and patterns in the data.

Finally, the document concludes with a summary of the key findings and recommendations. It highlights the need for continuous monitoring and evaluation of the implemented strategies to ensure their long-term effectiveness.

The second part of the document focuses on the financial aspects of the project. It details the budgeting process, including the identification of all costs and the allocation of resources. The author also discusses the importance of regular financial reporting to keep stakeholders informed of the project's financial health.

In the third section, the author explores the legal and ethical considerations that must be taken into account. This includes obtaining necessary permits, ensuring data privacy, and adhering to industry standards.

The fourth section describes the implementation phase of the project. It outlines the roles and responsibilities of the team members and provides a timeline for the various tasks. The author also discusses the challenges encountered during implementation and how they were overcome.

The final section of the document provides a comprehensive overview of the project's outcomes. It compares the actual results against the initial goals and objectives, highlighting the areas of success and the areas that need further attention.

The document also includes several appendices that provide additional information. Appendix A contains a list of all the documents and reports used in the project. Appendix B provides a detailed breakdown of the project's budget.

Appendix C contains a list of all the team members and their contact information. Appendix D provides a detailed overview of the project's timeline and milestones.
