Frank Veale

Carlsbad, New Mexico
January 28, 1933

Humble Oil & Refining Co.,
Box 938,
McCammy, Texas.

Dear Sir:

Att: Mr. W. E. Hubbard

In reply to your letter of January 26th, regarding your well (Boon Hardin #1) to be drilled. I am enclosing APPROVED "Notice of intention to Drill New Well" for your files. Also enclosing a sheet listing the reports required by our department for wells drilled on State and Patented lands.

Our policy is to return approved copies of the following: (numbered to correspond with sheet) #1; 3; 5; 7; 9; 11. Should you desire others; please attach note to the reports and we will be glad to comply with your request.

You will probably notice in enclosed bulletin #2 that we require: FIVE DAYS NOTICE on several of the Notices of test. I realize that it is impossible for you to know that far in advance and I would suggest that your local superintendent get in touch with myself by telephone about 12 to 24 hours prior to the test of each string of pipe. In this way it will not be necessary for you to wait for written permission to make tests.

TELEPHONE: Office: 208
Res.: 417M

Encls. SC101 Approved.
Requirement list.
Bulletin #2

J. D. Hunter,
Oil & Gas Inspector.
Yours very truly,

Frank Veale
