OIL CONSERVATION COMMISSION

HOBBS-OFFICE

APR 11 1952

Date

Notice hereby is given that it is our intention to commence the drilling of a well to be known as.....

Cities Service Oil Company Hardin well No. 5 in NW  
 Company or Operator Lease  
 of Sec. 19, T. 18S, R. 38E, N. M., P. M. Hobbs Pool, Lea County.

N

5					
0					

AREA 640 ACRES

LOCATE WELL CORRECTLY

The well is 990 feet from (N.) SW line and 990 feet from  
SW (W.) line of the above section.

(Give location from section lines. Cross out wrong directions.)

If state land the oil and gas lease is No. .... Assignment No. ....

If patented land the owner is Boon HardinAddress Hobbs, New Mexico

If government land the permittee is .....

Address .....

The lessee is .....

Address .....

We propose to drill well with drilling equipment as follows: rotary tools  
 from surface to total depth

The status of a bond for this well in conformance with Rule 101 of the General Rules and Regulations of the Commission is as follows: Approved bond in force

We propose to use the following strings of casing and to land or cement them as indicated:

Size of Hole	Size of Casing	Weight Per Foot	New or Second Hand	Depth	Landed or Cemented	Sacks Cement
11"	8-5/8"	24	New	300'	Cemented	125
7-7/8"	5 1/2"	14	New	4250'	"	600

Note: The 5 1/2" casing will be cemented with sufficient cement to bring it back to the top of the salt. A temperature survey will be run in order to determine if this was accomplished and if not a second stage cement job will be performed.

If changes in the above plans become advisable we will notify you before cementing or landing casing. We estimate that the first productive oil or gas sand should occur at a depth of about 4210 feet.

Additional information:

This well is to be drilled as a replacement on this unit for well No. 4 which is to be plugged and abandoned due to mechanical difficulties.

Approved APR 11 1952, 19.....
