Dr. E. H. Wells  
State Geologist  
Santa Fe, New Mexico

Dear Dr. Wells:

I have a Notice of Intention to Drill New Well from J. P. Cusack Inc., for their Moon well No. 1, in NE $\frac{1}{4}$  of Sec. 28, T. 18 S., R. 38 E. Before I approve this form I would like to know whether or not they have a proper drilling bond filed with the office of the State Geologist.

If they do not have a proper bond filed I wish you would please send a bond form to Mr. J. P. Cusack, Midland, Texas.

If they do have a bond filed, kindly notify me.

Very truly yours,

FJV:F

State Oil & Gas Inspector.

P. S. My map shows that the land on which this well is to be drilled is leased by the Continental Oil Company. Cusack, undoubtedly has some deal with Continental and Cusack may be under the impression that the Continental Oil Company's bond will hold good for this well.

Please advise.
