

New Mexico State Land Office
Santa Fe, New Mexico
Department of the State Geologist

NOTICE OF INTENTION TO TEST WATER SHUT-OFF

Notice must be given to the State Geologist or to the proper Oil and Gas Inspector at least five days before the test. It is desirable that a representative of the Department of the State Geologist witness the water shut-off before drilling into the productive sand whenever possible. If changes in the proposed plan are considered advisable, a copy of this notice showing such changes will be returned to sender. Submit this notice in triplicate.

Wink, Texas. July 13, 1934.

Mr. T. A. Stancliff,
State Geologist,
Santa Fe, New Mexico.

Dear Sir:

You are hereby notified that we intend to test the shut-off of water in W. D. Grimes Well No. 3 in NW/4 of Sec. 28, T. 18S, R. 38E, N. M. P. M., Hebbs Oil Field, Lea County, on July 3, 1934 7" OD Casing 26 lb. casing was cemented in Lime formation at a depth of 3956 feet on July 3, 1934 250 sacks of El Tere cement were used.

The method used in placing the cement was as follows:
