

NEW MEXICO OIL CONSERVATION COMMISSION

Santa, Fe, New Mexico

MISCELLANEOUS NOTICES

Submit this notice in triplicate to the Oil Conservation Commission or its proper agent before the work specified is to begin. A copy will be returned to the sender on which will be given the approval, with any modifications considered advisable, or the rejection by the Commission or agent, of the plan submitted. The plan as approved should be followed, and work should not begin until approval is obtained. See additional instructions in the Rules and Regulations of the Commission.

		NOTICE OF INTENTION TO PLUG WELL	

Monument, New Mexico. September 14, 1939.

Place

Date

OIL CONSERVATION COMMISSION,
Santa Fe, New Mexico.

Gentlemen:

Following is a notice of intention to do certain work as described below at the _____
Amerada Petroleum Corporation State B Lease Well No. 1 to 4 in W $\frac{1}{2}$ of NE $\frac{1}{4}$ and E $\frac{1}{2}$ of NW $\frac{1}{4}$
 Company or Operator Lease
 of Sec. 29, T. 18s, R. 38e, N. M. P. M., Hobbs Field,
Lea County.

FULL DETAILS OF PROPOSED PLAN OF WORK

FOLLOW INSTRUCTIONS IN THE RULES AND REGULATIONS OF THE COMMISSION

Wells No. 1 to 4 have heretofore been flowed into separate tanks in a battery of low 500 barrel steel tanks 1320' FNL and 2640' FEL of Section 29-18-38. There are 11 tanks in this battery. We propose to centralize this battery, and to so manifold the same that separate tests of the wells may be made at any time.

If permitted to centralize this battery as outlined above, we will be enabled to salvage a portion of these tanks, and remove them to other leases for further use.

(See reverse side of this sheet for diagram of battery manifold)

SEP 18 1939
