INSTRUCTIONS

This form and the report are required by the ADRCU, New York, and the District Office of the Oil Conservation Commission, District Office, from which oil or gas is produced. The report shall be filed by the transporter authorized to transport oil or gas from the unit. Said certificate has been approved by the Oil Conservation Commission and is to be filed by the transporter. One copy returned to the owner, and two copies retained by the Oil Conservation Commission.

A new certificate must be filed to cover each change in operating ownership and each change in the transporter designated to move oil or gas from the unit. In the case of a temporary change in the transporter involving less than the allowable production for one proration period, the operator, having filed the new certificate, must also file with the Oil Conservation Commission District Office, and the transporter authorized to move oil or gas from the unit, by letter, the estimated amount of oil or gas to be moved by the transporter temporarily moving oil or gas from the unit and the name of such temporary transporter. A copy of such notice shall also be furnished such temporary transporter. Such temporary transporter shall not move any more oil or gas than the estimated amount shown in said notice.

This certificate and report, when executed and approved by the Oil Conservation Commission, shall constitute a permit for pipe line connection and authorization to transport oil and gas from the property named therein and shall remain in full force and effect until:

- a. The operating ownership changes;
- b. The transporter is changed; or
- c. The permit is cancelled by the Commission.

If any of the rules and regulations of the Oil Conservation Commission have not been complied with at the same time this report is filed, explain fully under the heading "REMARKS."

In all cases when this certificate is filed to cover a change in operating ownership or a change in the transporter designated to move oil or gas, show under "REMARKS" the signature of owner or operator and the transporter authorized to transport the oil or gas.

A separate report shall be filed to cover each producing unit as designated by the Oil Conservation Commission.
