17. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1103.

We propose to squeeze off the existing San Andres oil zone perforations (4007-4074') in the 5 $\frac{1}{2}$ " casing and re-perforate in the same zone from approximately 4084-4114'. It is also proposed to treat the re-perforated interval using approximately 20,000# sand and 20,000 gal. brine water.

18. I hereby certify that the information above is true and complete to the best of my knowledge and belief.
