

Carlsbad, New Mexico
September 8, 1934

Continental Oil Company,
Box, CC.,
Hobbs, New Mexico

Gentlemen:

Our Santa Fe office has requested that I get all "Reports on Results of Acid Treatment" up to date. Upon going thru the ACID FILE, I find a notice on your State A-33 #4 which was submitted February 2, 1934 which has never been reported on.

Please check this up and send me the reports; in case this well was not treated after you submitted the Notice; just make a report on the regular SG-106 form stating that the well was never treated and therefore you wish to cancel the request.

Very truly yours,

J. D. Hunter,
State Oil & Gas Inspector
