> Re: State A-33 #11 Well, Sec. 33, T. 18S, R. 38E, Lea County.

Dear Mr. Owen:

On June 6, 1949, we received Form C-110, Certificate of Compliance and Authorization to Transport Oil, on the above mentioned well.

The Rules and Regulation of the Oil Conservation Commission State that Form C-110 cannot be approved until Form C-105, Well Record, is properly filled out and filed with the Commission.

I also note on this well that the only reports you have filed during drilling operations were Form C-103s on testing the 10 3/4" and 5 1/2" casing. I refer you to Order 4, Rule 26 of the General Rules and Regulations of the Oil Conservation Commission. This rule states that Form C-102 shall be filed with the Commission before any casing is tested. We will appreciate your doing this in the future.

As soon as you file Form C-105 on this well the Authorization to Transport Oil will then be in order for approval.

Very truly yours,

Oil Conservation Commission
