October 21, 1933

Mr. L. A. Neal,
Landreth Production Corp.,
Hobbs, New Mexico.

Dear Luther:

I am enclosing our approval to treat your State "B" well #1 in Section 33, T. 18 S., R. 38 E.

After all was said and done the final responsibility for the approval or rejection was passed down to me and received with the greatest displeasure.

You will note the conditions on the back of the approved application. Please bear in mind that: while we are approving your request we do not feel responsible for the results; what ever they might be and should this well continue to have an excessive high gas/oil ratio after the repair work we will expect corrective measures to be taken in due time.

Trusting this will settle the long delayed request and I have great hopes of very satisfactory results. Please call me prior to the actual work, I am

Very truly y urs,

J. D. Hunter,
State Oil & Gas Inspector
