Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1103.

Propose to increase production by drilling 25' to 4246' and perforating zones I and II. Casing will be pressure tested and logs will be run. Well will be acidized w/10,500 gal 20% NE HCL and graded mothballs will be used as diverting material.

A cement bond log will not be run because only 245' of reliable log would be obtained before entering two strings of casing.

I hereby certify that the information above is true and complete to the best of my knowledge and belief.
