

NEW MEXICO STATE LAND OFFICE
OFFICE OF THE STATE GEOLOGIST
 SANTA FE, NEW MEXICO

MISCELLANEOUS REPORTS ON WELLS

Submit this report in duplicate to the State Geologist or proper Oil and Gas Inspector within ten days after the work specified is completed. It should be signed and sworn to before a notary public for reports on beginning drilling operations, results of shooting well, results of test of water shut-off, result of abandonment of well, and other important operations, even though the work was witnessed by the State Geologist or Oil and Gas Inspector. Reports on minor operations need not be signed and sworn to before a notary public, but such operations should be witnessed by an Oil and Gas Inspector if possible.

Indicate nature of report by checking below:

REPORT ON BEGINNING DRILLING OPERATIONS		REPORT ON DEEPENING WELL	
REPORT ON RESULT OF SHOOTING WELL		REPORT ON PULLING OR OTHERWISE ALTERING CASING	
REPORT ON RESULT OF TEST OF WATER SHUT-OFF	XX	REPORT ON REPAIRING WELL	
REPORT ON RESULT OF ABANDONMENT OF WELL			

Wink, Texas

June 18, 1934

Mr. **E. H. Wells** State Geologist,
 Santa Fe, N. Mex.

Following is a report on the work done and the results obtained under the heading noted above at the **Skelly Oil Company**

E/2 of NW/4 of Sec. **34**, T. **18S**, R. **38E**, N. M. P. M.,
Hobbs Oil Field, **Lea** County.

The dates of this work were as follows:

Notice of intention to do the work was (was not) submitted on Form SG **103** on **June 7, 1934**, 19____, and approval of the proposed plan was (was not) obtained. (Cross out incorrect words.)

DETAILED ACCOUNT OF WORK DONE AND RESULTS OBTAINED

7" OD casing was cemented at 4011 feet by Halliburton with 400 sack of cement and permitted to set for a 48 hour period. After cement had set around pipe for a 48 hour period, 750 pounds pressure was applied to pipe, as required by State Oil and Gas Inspector, and pipe tested OK. After drilling out 55 foot cement plug, the casing was again tested as shown above with 750 pounds pressure applied to the pipe for a 30 minute period and again tested O.K., which was evidence that a complete water shut off had been obtained. After this last test, drilling operations were resumed.

DUPLICATE

Subscribed and sworn to before me this

_____ day of _____, 19____.

NOTARY PUBLIC.

My commission expires _____

Remarks:

I hereby swear or affirm that the information given above is true and correct.

UNITED STATES DEPARTMENT OF AGRICULTURE
BUREAU OF PLANT INDUSTRY
WASHINGTON, D. C.

REPORT ON THE PROGRESS OF THE BUREAU OF PLANT INDUSTRY

The Bureau of Plant Industry has been organized since the passage of the Plant Industry Act of 1902. It has since that time been engaged in the study of the various problems connected with the introduction and propagation of plants and animals from foreign countries into this country. The Bureau has been particularly active in the study of the various diseases and pests which are introduced with the plants and animals, and in the development of methods for their control.

The Bureau has been particularly active in the study of the various diseases and pests which are introduced with the plants and animals, and in the development of methods for their control.
