Gentlemen:

Following is a Notice of Intention to do certain work as described below at the.....

Toreador Royalty Corporation Carter "A" Well No. 1 in A
(Company or Operator) (Unit)
NE 1/4 NE 1/4 of Sec. 7, T. 18S, R. 39E, NMPM, South Carter San Andres Pool
(40-acre Subdivision)
Lee County.

FULL DETAILS OF PROPOSED PLAN OF WORK
(FOLLOW INSTRUCTIONS IN THE RULES AND REGULATIONS)

This well was completed in open hole in the San Andres formation. While drilling into the pay, fill rose to 4,000' in the casing. As you can see, the natural fill-up was very good. There is approximately 68' of net pay in this well, and before completing the well it was swabbed with acid, and we feel that it has an emulsion block. It is our plan to go in this hole and either jet surface the bore hole and/or sandfrac or maybe both. This work will not be done until after the 15th of January, 1960.

If there are other data that you need, please advise and we will attempt to furnish same.
