

**NEW MEXICO STATE LAND OFFICE**  
**SANTA FE, NEW MEXICO**

**DEPARTMENT OF THE STATE GEOLOGIST**  
**NOTICE OF INTENTION TO TEST WATER SHUT-OFF**

Notice must be given to the State Geologist or to the proper Oil and Gas Inspector at least five days before the test. It is desirable that a representative of the Department of the State Geologist witness the water shut-off before drilling into the productive sand whenever possible. If changes in the proposed plan are considered advisable, a copy of this notice showing such changes will be returned to sender. Submit this notice in triplicate.

Hobbs N. Mex., 8-22, 1934

Mr. J. D. Hunter

REPORT OF THE  
COMMISSIONER OF THE DEPARTMENT OF AGRICULTURE  
FOR THE YEAR 1901

The Department of Agriculture has the honor to acknowledge the receipt of the report of the Commissioner of the Department of Agriculture for the year 1901, and to express its appreciation of the many valuable suggestions and recommendations contained therein. The report is a most interesting and valuable contribution to the knowledge of the agricultural resources of the State, and it is hoped that it will be of great service to the people of the State in their efforts to improve their agricultural condition.

The report is divided into two main parts, the first of which deals with the general condition of agriculture in the State, and the second with the condition of the various agricultural industries. The first part contains a general survey of the agricultural resources of the State, and a description of the various agricultural industries. The second part contains a detailed description of the various agricultural industries, and a description of the various agricultural products. The report is a most interesting and valuable contribution to the knowledge of the agricultural resources of the State, and it is hoped that it will be of great service to the people of the State in their efforts to improve their agricultural condition.
