Att'n: Dr. Wells

Dear Sir:

Acknowledging receipt of your letter of June 23rd, with reference to the abandonment of the Hobbs High #1 well, Section 35, Twp.18,S. Range 38 E.

Mr. Sullivan advises me that all the regulations have been complied with. As you know this well was plugged during his time as Oil and Gas Inspector. I see no reason why their bond should not be released.

As you know that they drilled under the name of Hobbs High Oil Company.

Yours very truly,

Box 494,
