13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

We request permission to vent gas. Based on oil production of 3.75 barrels per day, the estimated volume of gas is 2 mcf per day. The value of the gas is approximately \$4.00.

We currently have a gas purchaser but they have informed us they intend to pull the gas meter due to the low volume. The purchaser will leave the meter for a \$250.00 per month meter fee. It is not feasible for us to pay this fee for such a low volume of gas.

14. I hereby certify that the foregoing is true and correct Name (Printed/Typed) Karen J. Leishman		Title Engineering Technician
Signature <i>Karen J. Leishman</i>		Date 8-16-2001
