October 2, 1963

Texaco Inc.  
Drawer 728  
Hobbs, New Mexico

Attention: Mr. J. G. Blevins, Jr.

Gentlemen:

Reference is made to your request for authority to complete your State "AE" Wells Nos. 7, 12 and 15, located in Units N and D of Section 12 and Unit G of Section 11, respectively, Township 18 South, Range 34 East, as single tubingless completions in the Vacuum Abo Reef Pool, Lea County, New Mexico.

It is our understanding that the No. 7 Well will be completed through perforations from approximately 8750 feet to 8850 feet, the No. 12 through perforations from 8800 feet to 8900 feet and the No. 15 from 8800 to 9000 feet. Cement on all three strings will be brought back into the intermediate casing.

Inasmuch as no corrosion problems are expected, and adequate measures will be taken to counteract paraffin deposition, the three subject wells are hereby approved as single tubingless completions.

Very truly yours,

A. L. PORTER, Jr.,  
Secretary-Director

OIL CONSERVATION COMMISSION

P.O. BOX 271

SANTA FE, NEW MEXICO

Oct 12 1933

Dear Sir:

Very truly yours,

W. L. RAY, Jr.

Secretary-Director

Oil Conservation Commission

Reference is made to your letter of October 10, 1933, in which you state that you are interested in the oil and gas resources of the State of New Mexico, and that you are desirous of obtaining information regarding the same. In reply, I am pleased to inform you that the Commission has been instructed to furnish you with the information requested.

It is our understanding that the No. 1 well will be completed through perforations from approximately 2500 feet to 30 feet, the No. 2 through perforations from 2500 feet to 2000 feet and the No. 3 from 2000 feet to 1500 feet. It is hoped that the completion on all three wells will be completed within the immediate casing.

Inasmuch as no correlation between the expected, and the actual resources will be known until the correlation has been completed, the time and cost will be largely dependent on the results of the correlation.

Very truly yours,

W. L. RAY, Jr.  
Secretary-Director
