Dear Mr. Rasmussen:

For some time now we have been holding several forms for your State BV No. 1 located in Unit A of Section 18, T-18-S, R-35-E because we have no plugging to cover this location. Further, you have drilled and plugged the well without approval from this office. These forms cannot be approved until you file a plugging bond with the Santa Fe office.

Please file this bond immediately so that this office will not have to take further action against you for violation of the Commission's rules and regulations.

Yours very truly,

OIL CONSERVATION COMMISSION
