Attention: Mr. J. G. Blevins, Jr.

Gentlemen:

Reference is made to your letter of May 8, 1963, wherein you request authority to complete your State of New Mexico "AE" Well No. 8, located 2310 feet from the South line and 330 feet from the West line of Section 12, Township 18 South, Range 34 East, Lea County, New Mexico, as a tubingless completion in the Vacuum-Abo Pool. It is our understanding that the production casing string will consist of approximately 8950 feet of 2 7/8-inch tubing cemented in a 7 5/8-inch hole.

Inasmuch as corrosion is not expected to be a problem in this area and that adequate measures will be taken to counteract the expected paraffin accumulation, the aforesaid completion is hereby authorized.

Very truly yours,

A. L. PORTER, Jr.,
