Attention: Mr. J. G. Blevins, Jr.

Gentlemen:

Reference is made to your letter dated August 9, 1963, wherein you request administrative approval of an exception to Commission Rule 107 (e) for your State of New Mexico "AE" Well No. 13, located 660 feet from the North and East lines of Section 11, Township 18 South, Range 34 East, Lea County, New Mexico. It is our understanding that this well is proposed as a tubingless completion with 2 7/8-inch casing set at approximately 8950 feet and that completion will be through perforations from approximately 8800 feet to 8900 feet.

Inasmuch as no corrosive or pressure problems are expected and adequate measures will be taken to counteract possible paraffin accumulation, the aforesaid proposed completion is hereby approved.

Very truly yours,

A. L. Porter, Jr.
