In reply to your inquiry dated October 12, the proposed Tubb/  
Blinebry recompletion in the above-referenced well has not  
been done. Economic constraints have delayed this work,  
which is estimated to be completed in the first quarter, 1989.

Please advise if any further information is needed.

Very truly yours,

Gentlemen:

Intention to recomplete the above-referenced well in the Tubb and Blinbry formations was approved in November 1987. No progress reports have been received. Please advise if this work was done or if the intention should be cancelled.

Very truly yours,

OIL CONSERVATION DIVISION
