Attention: Mr. H. D. Raymond

Gentlemen:

Reference is made to your letter of April 27, 1964, wherein you request authority to complete your State of New Mexico "AA" (NCT-4) Well No. 1 located 1980 feet from the North line and 660 feet from the East line of Section 10, Township 18 South, Range 34 East, Lea County, New Mexico, as a tubingless completion in the Vacuum Abo-Reef Pool.

It is our understanding that 2 7/8-inch casing will be set at approximately 9050 feet and perforated from approximately 8700 to 9000 feet. Sufficient cement will be used on the 2 7/8-inch casing to come back into the intermediate casing string.

Inasmuch as no corrosion problems have been encountered in this area, and adequate measures will be taken to counteract the anticipated paraffin deposition, the aforesaid tubingless completion is hereby authorized.

Very truly yours,

A. L. Porter, Jr.  
Secretary-Director
