This well was approved for TA status until 8/18/96. Last test on it was in August of 1995. This well/lease outlines our East Corbin Delaware Unit. This unit is responding and this well may be utilized for said unit. Also, we are working on plans to develop the West Corbin Waterflood later in 1997 which this well also outlines. We have just recently finished a successful sidetrack of another Wolfcamp well in this area, and we do have plans to do more.
