General: This form is designed for submitting a complete and correct well completion report and log on all types of lands and leases to either a Federal agency or for both, pursuant to applicable Federal and/or State laws and regulations. Any necessary special instructions concerning the use of this form and the number of copies to be submitted, particularly with regard to local, area, or regional proceedings and practices, either are shown below or will be issued by, or may be obtained from, the local Federal and/or State office. See instructions on items 22 and 24, and 26, below regarding separate reports for separate completions.

If not filed prior to the time this summary record is submitted, copies of all currently available logs (drillers, geologists, seismole and core analysis, all types electric, etc.), formation and pressure tests, and directional surveys, should be attached hereto, to the extent required by applicable Federal and/or State laws and regulations. All attachments should be listed on this form, see item 26.

should be stated on this form; see item 60.
 Item 4: If there are no applicable State requirements, locations on Federal or Indian land should be described in accordance with Federal requirements. Consult local State or Federal office for specific instructions.
 Item 18: Indicate which elevation for separate production from more than one interval zone (multiple completion), so state in item 22, and in item 24 show the producing intervals 22 and 24: If this well is completed for separate production in item 23. Submit a separate report (page) on this form, adequately identified, for each additional interval, or intervals, top(s), bottom(s) and name(s) (if any) for only the interval reported in item 23. Submit the additional data pertinent to such interval.
 Item 29: "Stacks Cement": Attached supplemental records for this well should show the details of any multiple stage cementing and the location of the cementing tool.
 Item 33: Submit a separate completion report on this form for each interval to be separately produced. (See instruction for items 22 and 24 above.)
