Attention: Mr. J. J. McDaniel

Gentlemen:

The type and size of tubing to be run in your Bridges State Well No. 124 (P-14-17S-34E) was omitted from the schematic drawing accompanying the application for triple completion. Please forward the data to this office and a copy of same to the Hobbs Office of the Commission. Also, it is noticed, no information is given as to your program for cementing the 7-inch liner, this data is pertinent, please include with the tubing data.

Very truly yours,

J. E. KAPTEINA
