Gentlemen:

Gulf Oil Company - U. S. requests your approval of a non-standard application for the drilling of a Drinkard well in the Hobbs Pool. We propose to drill 450' from the north line and 2160' from the east line of Section 33, Township 18 South, Range 38 East, Lea County, New Mexico. This does not meet requirements of the Hobbs Drinkard Pool; however, because of the proximity of homes and City streets, we make this request.

If you have no objection as offset operator, please sign all copies of this waiver. Please mail the original and one copy to us and retain a copy for your files.

Yours very truly,

C. D. BORLAND  
Area Production Manager
