I, G. Melton, being of lawful age,
do state that I am employed by Halliburton Company in the capacity
of Cementer, and that on the 4 day of
December, 19 70, Halliburton Company performed
a cementing service for the purpose of cementing the (production,
Surface string of casing in Well Number
protection, surface)
#3, Hobbs State Lease, located in
Lea County, ~~TEXAS~~ for NE-O-TEX CORP.
New Mexico (customer).

Information provided me by the customer, his agent or
representative, states that the above string of casing was size
9-5/8 O. D., set in 12 1/2 inch drilled hole, and that
casing depth set was 353 feet.

Cement and admixes used were: 200 sacks Class "H"

Cement with 2% Calcium Chloride

Based upon the above information, according to my cement
tables, I have calculated that the above volume of cement will fill
up an annular height of 353 feet between 9-5/8 casing and
(size) (size)
12 1/2 hole.
