Hobbs, New Mexico 88240

Attention: Mr. Arthur R. Brown,
District Engineer

Gentlemen:

In response to your subject inquiry dated December 12, 1977, the following action is requested:

1. Cancel proposal to permanently abandon the Lusk Morrow zone as submitted on Form 9-331 and approved July 13, 1977.
2. Cancel proposal to plug back and recompleate well bore in Lusk East Wolfcamp Pool as submitted on Form 9-331-C and approved July 13, 1977.
3. Restore the Lusk Morrow zone to temporarily abandoned status as established by Form 9-331 and approved January 14, 1977.

The recompletion of the well bore in the Wolfcamp formation has been delayed pending consummation of working interest approvals necessary for this workover procedure.

We expect to commence the proposed plug back on this well within the next six months. The required forms will be filed for approval before starting the work.

Very truly yours,

T. Harold McEmore,
PHILLIPS PETROLEUM COMPANY
