Describe Proposed or Completed Operation (clearly state all perinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen discribinally or recomplete bonizontally, give subsurface locations and measured and true vertical depths of all perinent markers and zones. Additionally the period of provide the Bond No. on file with BUMBIA. Required subsequent reports shall be filled once detailed by the period of provide the Bond No. on file with BUMBIA. Required subsequent reports shall be filled once detailed by the period of the operation results in a multiple completion or recompletion in a new interval, a Form 3160-4 shall be filled once determined that the site is ready for final inspection.)  We propose to complete the Federal CST Well No. 2 for the disposal of produced water from Federal Lease No. NM 23006.  The cement plug set in Federal CST Well No. 2 to comply with previous temporary abandonment requirements will be drilled out, the well will be cleaned out through casing perforations from 3014' to 3662', and the well will be equipped with 2-3/8" OD Salta plastic lined tubing set on a plastic coated tension packer. The casingtubing annulus will be loaded with packer fluid and pressure tested to 500 psi.  Administrative NMOCD approval for this proposed conversion to produced water disposal has been requested. This conversion work will be done within sixty (60) days after receipt of NMOCD approval.  APPROVED FOR	Final Abandonment Notice
